## Outstanding Paper Awards

This year, AAAI Conference on Artificial Intelligence honors the following papers that exemplify high standards in technical contribution and exposition. Papers were recommended for outstanding status by members of the Program Committee during the blind review process. The winning papers were selected by the program chairs with the help of some members of the Senior Program Committee.

Optimal False-Name-Proof Voting Rules with Costly Voting  
*Liad Wagman, Vincent Conitzer*

How Good is Almost Perfect?  
*Malte Helmert, Gabriele Röger*

### Honorable Mention

On the Progression of Situation Calculus Basic Action Theories:  
Resolving a 10-year-old Conjecture  
*Stavros Vassos, Hector J. Levesque*

## Outstanding Program Committee Members

The AAAI-08 Program Committee cochairs would like to recognize the following members of the AAAI-08 Program Committee for their distinguished service on the committee. These individuals used extreme care, thoughtfulness, thoroughness, and diligence in the execution of their duties while serving on the Program Committee.
